R&D Projects	Technology Transfer Industry Networking	Ad Hoc Initiatives
<ul style="list-style-type: none">• Project Solicitations• Project Management and Execution	<ul style="list-style-type: none">• Panel Meetings• Industry Conferences• Project Demonstrations and Training	<ul style="list-style-type: none">• Specific target areas• Quickly established to include key stakeholders• Disbanded when required actions complete

NSRP Mission

Manage and focus national shipbuilding and ship repair research and development funding on technologies and processes that will reduce the total ownership cost of ships for the U.S. Navy, other national security customers and the commercial sector and develop and leverage best commercial and naval practices to improve the efficiency of the U.S. shipbuilding and ship repair industry.

Provide a collaborative framework to improve shipbuilding-related technical and business processes.
